- Mozambique – Maputo
- UAE – Dubai*
- Mauritius

IN PARTNERSHIP WITH CBRE EXCELLERATE

CBRE and Excellerate Property Services have formed a joint venture, known as CBRE Excellerate. Combining the expertise of the largest global real estate services company with a regional leader enables them to act as the preferred services provider in the African and Middle East markets.

CBRE Group, a Fortune 500 and S&P 500 company, is the world's largest commercial real estate services and investment firm. The company has more than 100,000 employees serving clients in more than 100 countries.

CBRE Excellerate provides an integrated suite of high-quality real estate services across Africa and the Middle East, including facilities management, advisory & transaction services, project management, workplace solutions, broking, valuations and property management.

CBRE Excellerate is a shareholder in Profica and Profica is CBRE's Project and Development Services arm across Sub-Saharan Africa.

ENSURING EXCELLENCE

Our services are aligned to the ISO 9001 CERTIFIED QUALITY MANAGEMENT SYSTEM which is used in the day-to-day operations of the business and the services that we provide.

Our Project Management Service Realisation (PMSR) process was ISO 9001:2015 certified for over 10 years and we have a centralized PMO to manage internal compliance and governance in accordance with approved procedures.

Our tried and tested processes provide our clients with the comfort that our internal processes and procedures are world class and are continuously improved to ensure that we provide a 'best in class' service to global standards.

Documentation is developed to adhere to clear and understandable international standards that will:

- enhance **Client Satisfaction**,
- support **Risk Management** and
- **adds Value** to the client and
- Ensures **successful service delivery**.

Profica has adopted Autodesk Construction Cloud, which brings together the most powerful portfolio of construction management software products in the industry, supporting workflows spanning all phases of construction from design, to planning, to building, to operations.

LEADING GREEN BUILDING PROJECTS

As Project Leaders, we proactively drive our client's visions, adopting the best and most innovative Green & Sustainability aspects for construction projects across all the sectors and regions in which we have influence.

In South Africa, we were the first specialist Construction Project Management company to become a member of the Green Building Council and we actively participated in the formulation of a number of the Green Building rating tools, leading from the front.

Our Designers have **Designed**, and our Construction Managers have **Built** innovative and sustainable workplaces across the African continent. Our Project Managers have **led teams** to deliver Green rated projects in West, East and Southern Africa. This includes **internationally recognized rating tools** such as LEED, GREEN STAR and EDGE.

Projects led by Profica have achieved a number of awards and 'firsts', including:

- the first new office building to obtain a 4 star Green Star Design rating in Nigeria,
- the first 4 star Green Star Interiors rating in Kenya,
- Africa Property Investment's Best Green Building in Sub-Saharan Africa award in 2017,
- SAPOA's overall Green award in 2016.

Our **Workplace Solutions team** considers the performance of work places, ensures that interiors are sustainable, energy efficient and enhance productivity and corporate culture.

HOSPITALITY SECTOR CAPABILITY

We specialize in delivering high quality hotel and leisure developments for our clients.

From boutique hotels and lodges in remote areas to 5 star internationally branded hotels in capital cities, we understand the requirements to deliver world class hospitality projects across Africa and the Middle East.

Our experience extends across the majority of international hotel brands and throughout the range of offerings, from budget, lifestyle, business, leisure and luxury products, and from islands to city centres.
